Edison His Life And Inventions

Edison, His Life and Inventions Frank Lewis Dyer Somewhat tedious, a little long at times, but a good read nevertheless. This book is a must if you are trying to understand and comprehend the genius of Thomas Edison. This book once and for all settles the question, did Edison steal inventions from others to claim himself?

Edison, His Life and Inventions by Frank Lewis Dyer

"Edison: His Life and Inventions" by Frank L. Dyer and Thomas C. Martin was written in 1910 when Thomas Edison was still alive and actively contributed to its writing. The first few chapters which covered Edison's childhood and adolescence was a fascinating insight as to the home schooled boy before he became one of the world's most prolific electrical geniuses.
