Hustler Raptor 23-HP V-twin Dual Hydrostatic 52-in Zero ...

Hi all, newbie here. I was given a 2004 Hustler Z with a 23 hp Kawasaki (FH680V) from a family member last year. Older mower, but in great shape with 600 hours. I cut all last year with zero issues, but in recent weeks, the engine is not firing up as easily. On the initial crank, the engine will catch and then immediately die. Then I'll try to crank and crank and nothing.

Hustler Z - Kawasaki 23 hp Starting Issues

Hello all; My engine manual requires a strait 40 weight for the temperature range that I live in. I burn no oil when using the strait 40. When I switched this winter to a 5w-40 synthetic for cold start ups to push snow with a blade, I noticed a significant burn, I don't have a number or oz. figure, the level just moved significantly down the dipstick when checking.

Hustler Fastrak w/ 23 HP Kawasaki - Bob Is The Oil Guy

If you have a Hustler zero turn with Kawasaki engine, change the oil after the first eight hours and every 100 hours of use after that. Change the oil filter after every 200 hours of use.

I purchased my new Hustler SD a few months ago from a servicing dealer and this is my first zero turn mower experience. Wow is this thing fun! I love the Kawasaki engine (easy starting w/manual choke). I mow my yard in half the time that it used to take on my old mower, but it's so much fun I find myself mowing it twice a week instead of once!

Kohler 2404127S Air Cleaner Gasket - Jacks Small Engines

I have a Hustler Super Z mower with a 25HP Kawasaki engine. Today the engine just started blowing oil everywhere. I shut it down before it blew up. It will still start but has a major oil leak. I took the engine cover off and the oil leak seems to be at the top of the engine just under the flywheel.

I have a Hustler Super Z mower with a 25HP Kawasaki engine.
