Investing Investing is about setting yourself up for long-term
financial success. It's the process of putting money to work over a
long period, such as 10-60 years, by buying and holding assets that
will grow from compound interest. Investing is About Risk. In the
investing world, the returns you get are linked to the perceived level
of risk.*

Introduction To Investing Note Taking Guide Answer Key

Introduction to Investing. Many people just like you turn to the markets to help buy a home, send children to college, or build a retirement nest egg. But unlike the banking world, where deposits are guaranteed by federal deposit insurance, the value of stocks, bonds, and other securities fluctuates with market conditions.
