Operation Manuals Download : Support & Service | RICOH IMAGING

Announced on September 14th 2006, just in time for Photokina 2006 the new K10D is Pentax's first foray into the serious-amateur digital SLR market. It's bigger, tougher and more feature rich than any Pentax digital SLR before it and it certainly carries a wide enough range of features to worry the 'big name' brands. Headline features include a stabilized ten megapixel CCD, high quality image ...

Many people remember Pentax fondly from the 35mm days but it's a brand that's all too often overlooked in the digital world. The Pentax K10D camera came out in 2006 and was one of their flagship models at the time. These days, it's still an excellent choice if you can live with 10.1 megapixels and you don't need video capabilities.
