## Read Online Serge Lang Algebra Solutions

Is Serge Lang's famous book Algebra nowadays still worth reading, or are there other, more modern books which are better suited for an overview over all areas of algebra?. EDIT: My main concern is that the first edition of Algebra is already 48 years old. Even if there have probably been no fundamental new insight in Algebra which can be included in a first-year-graduate algebra course, the ...

Is Serge Lang's Algebra still worth reading? - Stack Exchange  
Serge Lang Undergraduate Algebra Solutions. Hi there! This was a tricky one - there's a book of published answers to Lang's \*Linear\* Algebra book, but no equivalent for his Algebra book. However, a search on Google using the terms "solutions Lang's Algebra" led me to this page:

Serge lang undergraduate algebra solutions

Serge Lang (French: ; May 19, 1927 – September 12, 2005) was a French-American mathematician and activist who taught at Yale University for most of his career. He is known for his work in number theory and for his mathematics textbooks, including the influential Algebra.
